THE REDEVELOPMENT

What is happening at Raine Square?

Charter Hall is bringing an exciting new development to Perth's CBD.

Stage 1 of the redevelopment will launch in just a few days on 17 September 2018.

It will see the return of our favourite retailers including Coles Central I and herald the return of cinema to the CBD with the arrival of Palace Cinemas and its 13-cinema experience, including four Palace Platinum screens to open in October.

A range of very exciting new retail, food and beverage outlets will be joining us for our Stage 1 launch and will be announced over the coming weeks. Stay tuned for these announcements.

Why is it happening now?

Charter Hall purchased Raine Square in 2013 and has been working on plans to upgrade the area, improve connectivity within the precinct and to and from neighbouring areas.

Why did the food hall and other retail outlets close down during the refurbishment?

The redevelopment is extensive including a complete redevelopment of the site and the addition of capacity to facilitate new retail, dining and entertainment spaces.

It also includes new laneways - Raine Lane and Queen Lane - to improve pedestrian access within the precinct and restoration of the heritage buildings that make up Raine Square.

During this activity, it would not have been possible for the food hall or retail outlets to trade or for customers to access the site.
